DISC DIFFUSERS

page 1/2

PT 270 AND PT 350

- Flooded disc made of environmentally-friendly polypropylene with glass fiber
- Simple and fast installation by use of grommet or saddle for DN 90, 110 and 114 tube
- Compatibility with other systems
- Possibility for changing from Noxon 7" and Sanitaire diffusers to PT 350 with higher efficiency
- **PT 270 fits membrane with Sanitaire and SSI 270 and we can deliver for Noxon 215 and 300 and others**

MATERIALS

Membranes in high quality EPDM with low plasticizer – compression-molded = 100 % quality control. Plate and ring in recyclable PP.

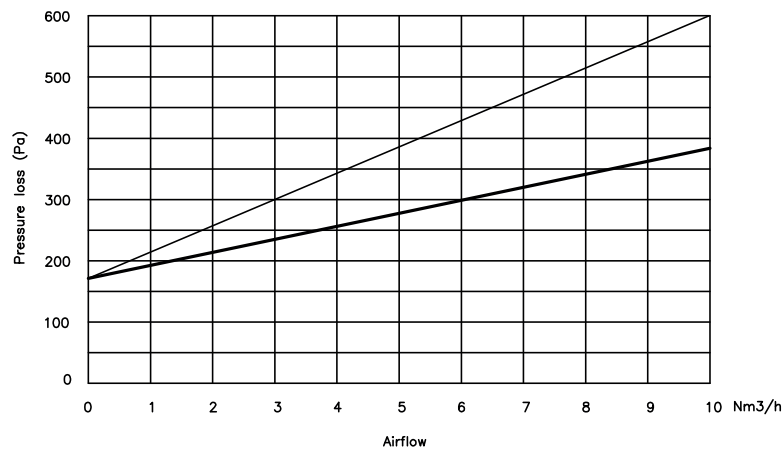

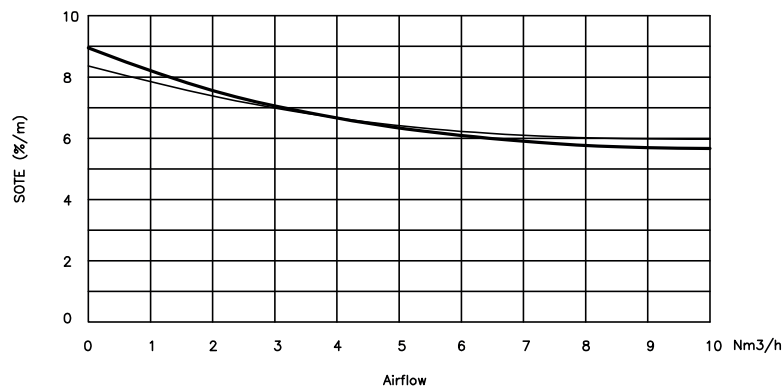

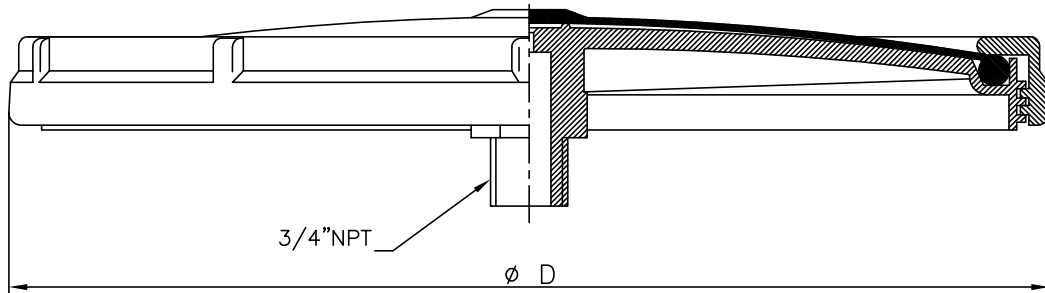

The PT disc diffuser offers a solid construction and impressive performance data. The common connections and optional adapters make it an extremely attractive product to retrofit quickly to out-dated and less efficient technologies.
